EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

1. This Office Action is responsive to Applicant's Amendment filed on 12/11/06.
2. This application is in condition for allowance except for the presence of claims 11-20 directed to invention non-elected without traverse. Accordingly, claims 11-20 have been cancelled.
3. Claims 1-10 are allowed.
4. The following is a statement of reasons for the indication of allowable subject matter:
Claim 1 has been amended to include the allowable subject matter recited in the original claim 2. The prior art of record does not disclose or render obvious a motivation to provide for a method of operating a hybrid electric vehicle as defined by the limitations of claim 1, including a step of inferring a torque disturbance if a calculated speed ratio value, which is indicative of the release of potential energy stored in drivetrain component, is greater than a threshold value.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
